Invitation

Hot and Cold Rolling Day Istanbul 2023

The place to be for cutting-edge solutions for flat rolling and roll shops

Following the earlier announcement, we have now the pleasure of inviting you cordially to the combined Hot and Cold Rolling Day.

Which will take place on

Date: **November 9th and 10th 2023**

Location: **Renaissance Polat Hotel in Istanbul,**
Sahilyolu Cad.No:2 Yesilyurt
Registration desk in front of ballroom

The conference partner companies will present the advancements in technology for the processes in hot / cold flat rolling and in roll shops.

The conference language is English, however a simultaneous translation into Turkish language with audio equipment will be provided.

In the foyer in front of the ballroom each conference partner company will have a small exhibition booth for demonstrations and individual discussions.

There is no conference fee. If you would like to attend, please register via the conference homepage: **www.rolling-day.com**.

Hotel rooms in the Renaissance Polat Hotel are available at a special conference room rate of € 120,00 or equivalent (single occupancy incl. breakfast).

For bookings, please go to the exclusive hotel conference booking website: **Book your group rate for Hot and Cold Rolling Day**
The booking link will be open until 05.11.2023.

We look very much forward to welcoming you in Istanbul!

Program

Wednesday, November 8th

05:00 - 07:00 Conference registration for early arrivals

Thursday, November 9th

7:30 - 8:30 Conference registration

9:00 - 9:30 Words of welcome and key note speech

9:30 - 10:00 **Krypton Modular: Unlocking Enhanced Performance**
ATLANTIC GmbH

10:00 - 10:30 **Integral Bearing and Lifetime Solutions for Hot and Cold Rolling Mills**
Schaeffler Technologies AG & Co. KG

10:30 - 11:00 Coffee/Tea Break

11:00 - 11:30 **Improved Energy Efficiency and Surface Quality in High Pressure Descaling**
Lechler GmbH

11:30 - 12:00 **XF-Series - Introducing the new Backup Roll**
Gontermann-Peipers GmbH

12:00 - 13:30 **Lunch break with time to connect with partner companies and other attendees**

13:30 - 14:00 **Sensor and Data Systems for the Hot & Cold Rolling Industry**
Fraunhofer Institute for Nondestructive Testing IZFP

14:00 - 14:30 **IDS - Inclusion Detection System: complete inspection for non-magnetic inclusions and impurities, XRD – Phase Fraction Measurement**
IMS – Messsysteme GmbH

14:30 - 15:00 **State of the art forged roll grades for increasing cold rolling requirements**
Steinhoff Kaltwalzen

15:00 - 15:30 **Coffee/Tea Break**

15:30 - 16:00 **Benefits of Turbolub Oil Air Technology**
Rebs Zentralschmiertechnik GmbH

16:00 - 16:30 **Rolling Oils and Application Systems for Hot Strip Mills**
QuakerHoughton

18:00 - 19:00 **Get together**

19.00 **Dinner**

Friday, November 10th

9:00 - 9:30 **Latest developments in Herkules Roll Grinding Machines**
Maschinenfabrik Herkules GmbH & Co. KG

9:30 - 10:00 **Real time Contactless Hardness Inspection of Rolls**
Lismar Engineering B.V.

10:00 - 10:30 **Latest developments in online monitoring of the condition of cold rolling emulsions**
QuakerHoughton

10:30 - 11:00 **Coffee/Tea Break**

11:00 - 11:30 **Automated 3D Surface Inspection System - Unveiling the Invisible**
IMS – Messsysteme GmbH

11:30 - 12:00 **Process Optimizations and Engineered Systems with Spray Nozzles**
Lechler GmbH

12:00 - 12:15 **Wrap up and closing of the conference**

12:15 - 13:30 **Lunch with time to connect with partner companies and other attendees**
